REQUEST FOR APPROVAL OF DRAWING CHANGES

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

Applicants request approval for the following changes to the drawings as indicated in red ink on the attached drawing copies of Figs. 4 and 6-9.

The changes shown therein are made to illustrate cross-hatching for plastic. In this regard, the cross-hatching is changed from lines of identical thickness to alternating thick and thin lines. These changes do not constitute new matter. Please refer to page 3, lines 21-23 of the present application, which states that container portions 39 and 42 may be constructed of polypropylene, a well-known plastic.

Remarks

The foregoing changes to Figs. 4 and 6-9 are presented to further clarify the construction of the container depicted in the figures.
